

**Are you in or around MK? Living with cancer?
Recovering from cancer treatment?
Caring for a cancer patient?
Here's some welcome help from the...**

MKCPP

Milton Keynes Cancer Patient Partnership

Why we're sharing the caring for cancer in Milton Keynes

Dealing with cancer is hard. We know that because all of us patient and carer representatives in the MKCPP (Milton Keynes Cancer Patient Partnership) have been there. And our key partners – the dedicated, devoted cancer professionals – know that, too.

The NHS and a variety of excellent charities like Macmillan do a truly wonderful job in helping cancer patients, their carers, family and friends – with generic resources that cover most aspects of the cancer journey. But because the MKCPP's Sharing the Caring for Cancer in Milton Keynes project is **based locally**, working together with local health professionals we can provide you with even more information on groups and activities you might find helpful, based either in MK or nearby.

Needless to say if you know of any other organisations, groups, etc. that should be on this list, please drop us a note on **info@mkcpp.org**.

All details in this directory are correct as far as possible at the time of publication. Information will be checked and updated on a regular basis.

Please note that we cannot take responsibility for any inaccuracies, but should you find one we apologise for any inconvenience you may have experienced as a result. Please do not regard the listings in this directory as third party recommendations.
